## OUR VISION

# Beyond Marks. Beyond Subjects

*"From the boardroom to the bureaucracy, from start-up founders to district collectors — every accomplished individual carries two things: the knowledge to take an informed decision, and the skill to act on it with conviction."*

A great leader is never built by textbooks alone. Fortune IAS Junior is built on this very philosophy. We do not wait until our children are eighteen to teach them how to think, debate, decide and lead. We begin early — gently, joyfully, through practice — so leadership becomes second nature, never a burden.

## Beyond the Classroom: Real-World Inspiration

We are delighted to have partnered with Fortune IAS Academy for their Junior IAS Program. The initiative saw a significant number of our students participate with great enthusiasm. What sets this program apart is the extraordinary exposure it offers. The opportunity for our students to meet and learn from distinguished officers — like **IFS officer Ms. Jeeva Maria Joy** — is truly transformative.

We sincerely appreciate Fortune IAS Junior for creating such a prestigious environment where young minds can bridge the gap between their dreams and reality.

## A Prestigious Platform for Young Aspirants

We are delighted to have partnered with Fortune IAS Academy for their Junior IAS Program. The initiative saw a significant number of our students participate with great enthusiasm.

The absolute highlight of the program was the extraordinary opportunity for our students to be interviewed by the **Honourable Sub-Collector of Tirur, Shri Dilip K Kainikkara, IAS**. We deeply appreciate Fortune IAS Junior for creating such a prestigious platform that bridges the gap between young aspirants and real-world leadership.

# Mentor- Student- Parent Connect

Individual attention to students and weekly mentor-parent connect ensures continuous improvement.

“

Karthika's parent  
Class 6

“My daughter is happy with the programme and is taking self-initiative in attending the class on time. Moreover, she was a bit reluctant in speaking earlier, but she is now improving in that aspect. Regarding the mentor, she is comfortable and able to connect for any support. In my experience, the programme is overall a good learning experience for children, allowing them to enjoy while improving their skills. Definitely, the Junior IAS program **helped the children deviate from screen use** and spend their time productively.”

“

Saanvi P. S.'s parent  
Class 7

We are really happy with this program. The **mentor is very supportive and patient**, which has helped my child feel comfortable and confident.

- My child is comfortable with the mentor.
- The mentor is connecting well with my child.
- My child is feeling encouraged and motivated.

# Trusted by Senior IAS officers for their children

“When my daughter joined the Junior IAS Program in the 8th standard, I honestly felt unsure if it was too early. But today, as she moves into the 9th standard, I can clearly **see the transformation in her.**

Her **reading habits** have improved tremendously, and more importantly, she has started approaching her studies with greater depth and **analytical thinking**. I can genuinely see a **qualitative change** in the way she learns and understands things now.

What gives me even more confidence is the **personal attention from her mentor**, Staniya. Her regular feedback calls helped us stay connected with my daughter’s progress, even through online sessions.

Fortune IAS Academy is not just training her academically — they are helping build a **strong foundation of critical thinking and deeper learning skills** that will benefit her for life.”

Minister.

Arya VM, IAS  
AIR 36 in 2023

My quest for civil services got a direction when I joined a **foundation course headed by Sylesh Sir** when I was in **11th standard**. Later I joined the full time Prelims cum Mains batch at Fortune IAS Academy. Here I got the support from Nitin Sir, Anton Sir, Anand Sir, Nandagopan Sir, Achuth Sir and Imthiyaz Sir for the mentorship provided across prelims, mains and interview stages. Most importantly, the peer group I could gather at Fortune played a pivotal role in whatever I could achieve.
