Sreeja J S

UPSC CSE AIR 57
Kerala Rank 1

“Realizing I might clear Prelims brought a mix of elation and panic. I had no notes and limited answer-writing practice. Everything changed with the Maxima program. My GS mentor, Achuth Sir, was incredibly encouraging, providing valuable line-by-line feedback. I'm equally grateful to Nitin Sir for his guidance in Essay and answer writing. Daily answer writing, FWD and PYQ compilations, and Maxima sessions also helped optimize resources and maximize output. Thank you, Fortune IAS Academy, for the comprehensive guidance that made cracking Mains in just 80 days possible!”

“

Aditya Narayan

UPSC CSE AIR 68
Kerala Rank 2

“Fortune's Mains Test Series has been a significant part of my 2024 & 2025 attempts. It has helped me in improving my GS scores by understanding important topics, improving answer writing, and time management by providing a simulated experience. The mentorship of Munidarsan Sir has been phenomenal in understanding my gaps and taking necessary answer correction, leading to **432 marks in GS.**”

MAINS MAXIMA PILLARS

DAILY PLANNER

The weekly test syllabus will be broken into **small daily targets** so that students can prepare consistently without confusion. The Daily Planner will act as the foundation of the programme, and all Content Capsule materials and answer writing sessions will follow this schedule.

CONTENT CAPSULE

Every test will be supported by a **Content Capsule** containing theme-wise **PYQ answers from 2013–2025**, a **Data Pack** with latest facts, statistics, graphs and reports, and **Mains Maxima One-Page Notes** on important syllabus and current affairs topics. It will help students enrich answers and revise high-potential areas quickly.

QIP

QIP is an online session from **Monday to Friday** based on the daily planner topics. It will focus on improving answer structure, including introductions, body, conclusions, templates, and topper-style answer framing.

DAW

DAW is a live answer writing session from **Monday to Friday**, where students write questions given on the spot. Each answer will be discussed after writing.

SPEED TRAP

Every Friday, a **Speed Trap** session will be conducted with reduced time limits to improve speed and precision.

ESSAY & ETHICS SUPPORT

Every Saturday, students will receive dedicated **Essay and Ethics support** from **2025 Mains toppers**. These sessions will include doubt clearance, live answer writing, strategy guidance, and practical insights on how to improve structure, depth, and presentation in Essay and Ethics answers.

MAXIMA DISCUSSION

.....

After every Sunday test, a **Maxima Discussion** will be held on Monday. The session will focus on the best answers of the week and help students understand how toppers approach, structure, and enrich their answers.

STRUCTURED FEEDBACK

.....

Mains Maxima will provide **structured feedback for every answer** written by students throughout the test series. Daily Answer Writing answers will receive detailed written feedback, while regular mentorship sessions before every test will help students identify recurring mistakes, improve answer structure, and steadily upgrade their performance.

UPSC Mains Starts

“

Gopika
UPSC CSE AIR 105
Kerala Rank 3

“Fortune's Mains Maxima has been my go to answer writing programme for both CSE mains 2024 and 2025. The programme is carefully structured with topic identification, enrichment and answer writing practice, which I believe covers every aspect of the mains exam. Huge thanks to my mentor, Nitin Sir, for his infinite patience for listening to me complain about mains exam. His personal guidance helped me a lot and helped me secure a score of **442 for 4 GS papers**. I sincerely thank Fortune IAS for their role in my success.”

“

Smitha Sabu
UPSC CSE AIR 239
443 marks (Kerala Topper in GS)

“Being enrolled in Fortune's test series helped me stay disciplined with my preparation schedule. It enabled timely revision of the syllabus and helped me develop a more mains oriented approach to thinking and answer structuring. The answer keys were also particularly helpful for value addition.”
