Mentored by the
Best in the Country

How do you really crack the IAS exam?

Who understands the Civil Services Examination better than the person who conducted it for six years?

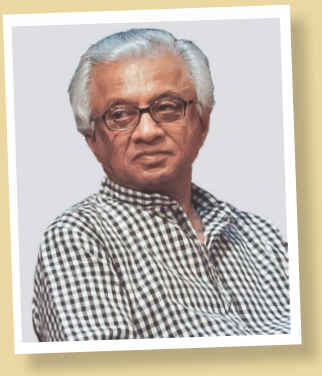

Dr D.P. Agrawal, IAS
Former UPSC Chairman

His mentorship helps students:

- Understand how UPSC frames questions
- Avoid common beginner mistakes
- Align preparation with actual evaluation standards

How do we build more civil servants from Kerala?

This vision is guided by one of India's most respected administrators.

T.K.A Nair, IAS
Former Principal Secretary and Advisor to the Prime Minister of India

His experience brings:

- A real-world understanding of administration
- Perspective beyond coaching, towards service
- Motivation rooted in purpose and direction, not just ranks

Expert mentorship ensures that our students prepare for the exam the way UPSC expects, not by any guesswork.

Online Working Professional Batch

Course Plan

Designed for Beginners. Refined for Success.

The Online Working Professional Batch Course is built on insights gained from 11+ years of mentoring UPSC aspirants. It addresses the most common challenges faced by beginners through a structured, student-centric approach.

1. Misconceptions About the Examination

Many beginners start their preparation with incomplete or incorrect information about the UPSC exam, leading to confusion and fear. Our first objective is to build clarity through:

- Comprehensive syllabus orientation
- Clear subject-wise introduction
- Structured initiation into newspaper reading

I joined Fortune IAS Academy immediately after my graduation and did my entire civil services preparation there. I am indebted to Nitin sir and Anand sir for all the guidance throughout my mains and interview preparation. My heartfelt thanks to Sherin sir, Anton sir, Muni sir, Sylesh sir and every one at Fortune for being my guiding light and instilling the confidence in me that I will clear the exam.

SAFNA NAZARUDEEN, IAS
AIR 45, CSE 2019
Youngest Malayalee IAS Officer

2. Lack of Subject Familiarity

Students from science backgrounds often struggle with humanities subjects, while humanities students may find science-related areas challenging. We ensure smooth conceptual grounding through:

- NCERT Foundation Course
- Classes conducted from a base level
- Additional support via CSAT and subject-wise basic classes

3. Vastness of the UPSC Syllabus

The wide scope of the UPSC syllabus can feel overwhelming. We simplify it into manageable, actionable steps through:

- A systematic course plan that progressively builds competence
- Daily pre-reads before each class
- PYQ Lab for topic-wise prioritisation based on previous year questions

A big thank you to Fortune IAS Academy for being my pillar of support throughout my prelims, mains and interview preparation. I was also a mentor at Fortune IAS and the interaction with students helped me fine tune my conceptual understanding of topics. The questions of test series at Fortune were close to the actual UPSC questions and helped me to assess my preparation levels. I would definitely recommend Fortune to any aspirant who has a civil service dream.

SIDHARTH RAMKUMAR, IAS
AIR 04, CSE 2023
From IPS to IAS

4. Resource Overload & Book Selection Confusion

With abundant resources available, students often struggle to identify what to read. We eliminate this confusion by providing:

- Digital NCERT book repository
- Printed Prelims study material (10 books including CSAT)
- Printed Mains study material (6 books)

5. Current Affairs Preparation

Current affairs are dynamic and demand consistent effort. Our integrated approach includes:

- Daily FIND (curated news reading list) and FINDER (news explainers)
- Fortune Weekly Digest (FWD) for Mains-oriented preparation
- PRECISE - a monthly printed magazine for Prelims preparation

Right knowledge presented in the right style is the key to cracking the civil services and for that, right mentoring is a must. The mentors in the Fortune IAS academy, especially Anton sir, helped me develop that right approach. I thank the academy and my mentor for being with me through thick and thin of the exams.

GOKUL S, IAS
AIR 357, CSE 2020
Differently Abled IAS Officer

6. Lack of Retention

The volume of topics often leads to poor recall. We strengthen retention through active recall and continuous assessment:

- Daily pre-tests and post-tests
- Revision tests after each level
- Integrated Prelims and Mains Test Series

7. Lack of Confidence & Self-Doubt

Low confidence is a recurring hurdle for many aspirants. We address this through:

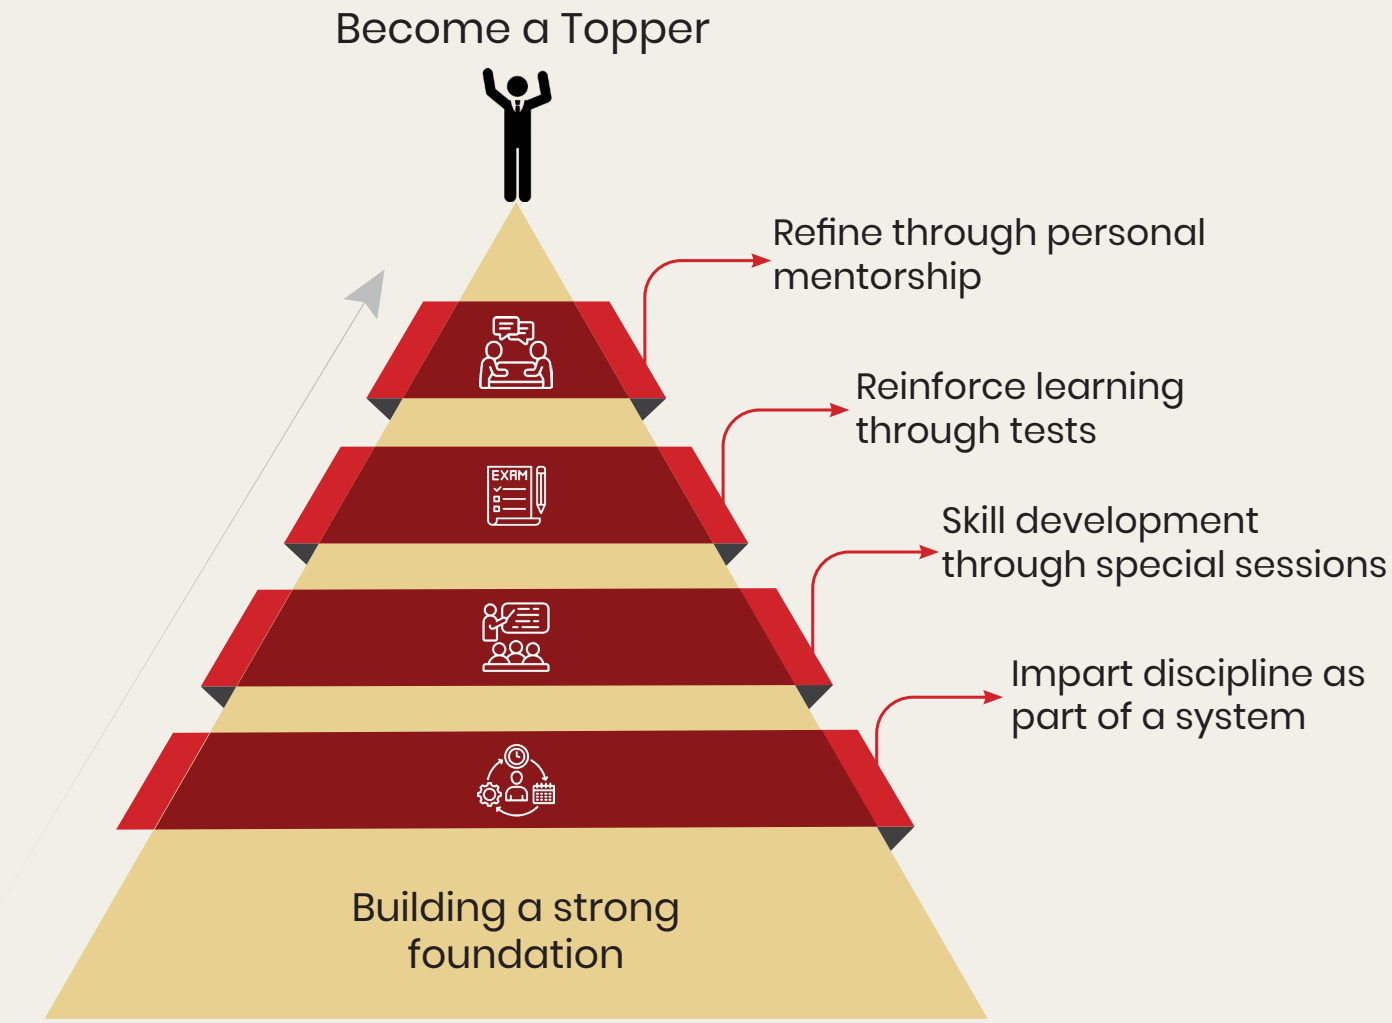

- Personalised mentorship tailored to individual strengths and weaknesses
- Skill development for Prelims via Skillscraft and peer group analysis
- Skill development for Mains through structured answer writing and comparative evaluation

I express my gratitude to Fortune IAS for helping me achieve this rank on my first attempt. The classes and test series gave me a solid grasp of the subjects. The interview guidance and one-on-one sessions were invaluable. Fortune's environment helped manage my stress and instilled confidence in me.

Dr. MANJIMA P, IPS
AIR 235, CSE 2023
Doctor turned Police Officer

Proven
Success System

Students succeed faster when they are part of a well-designed learning system. At Fortune IAS, we strive to create such a system—one that balances deep knowledge enrichment with continuous skill development.

ANTON BABU
Executive Director

Personal Mentors

Our personalized mentorship program pairs aspirants with experienced mentors who provide one-on-one guidance tailored to individual strengths, weaknesses, and preparation needs. Through regular mentoring, aspirants gain clarity, accountability, confidence, and structured strategies essential for navigating the UPSC journey successfully.

2023: Senior International Relations faculty, Nitin Menon handling a one-on-one mentorship session with Fabi Rasheed when she was a student in Fortune IAS Academy.

2024: Fabi Rasheed as a topper (AIR 71, 2023) handling a one-on-one mentorship session in Fortune IAS Academy as a part of Mains Maxima, Fortune's Mains Test Series.

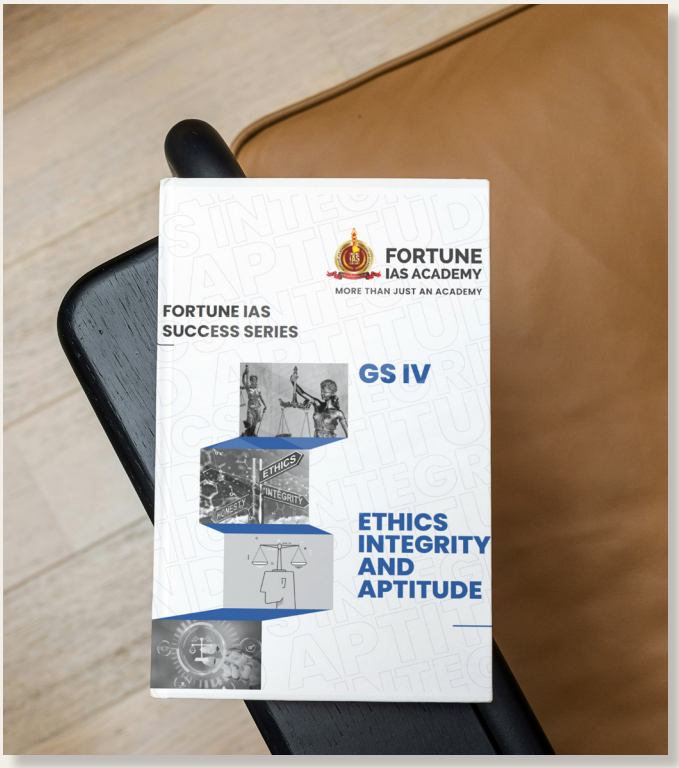

Fortune IAS Academy transformed my childhood dream of civil services into reality. Starting with minimal knowledge in 2022, Nitin Sir mentored me tirelessly, supported by Sylesh Sir's unwavering belief. Grateful to Imthiyaz Sir, Nandagopan Sir, Sherin Sir, Anand Justin Sir, Jeevan Sir and the entire Fortune family for their constant support. Joining Fortune was one of my best life decisions.
